## VISION

The purpose of education is not to revolve around acquisition of a pre-determined set of skills, but rather the realization of one's full potential & the ability to use those skills for the greater good. The famous American educator John Dewey states "Education is not a preparation for life, but is life itself." Therefore the seeds of social change are sown in the imaginative brilliance of a child's mind. It is our earnest endeavor to provide a nurturing environment to allow the latent, potential & goodness of a child to blossom. As the purpose of education is the overall development of a child so as to make them the future leaders. By becoming leaders they will achieve the zenith of success. And thus making India super power & being called "sone ki chidiya" once again. These students will one day become engineers, doctors, IT professionals & thus we will contribute in the progress of nation. We shall produce such leaders by cultivating in them consciousness which pave way for social upliftment & instills sense of responsibility towards their nation with a sound knowledge in the context of a globalized world.

EVENTS

# CHILDREN'S DAY 14 November ,Thursday

## Cherishing Childhood: A Special Day for Kids"

"On the occasion of Children's Day, our school hosted a special assembly organized by the teachers to celebrate the spirit and joy of childhood. The event, held on November 14th, was filled with fun and excitement, as teachers led the students through a series of engaging activities.

The assembly began with a tribute to Jawaharlal Nehru, honoring his love for children and his vision for their future. Teachers delivered inspiring speeches, reminding everyone of the importance of nurturing young minds and encouraging creativity. A series of performances followed, including group songs, skits, and dance routines, all showcasing the incredible talent of our students.

The highlight of the day was a motivational address by the teachers, emphasizing the power of dreams, hard work, and kindness. The assembly concluded with a vote of thanks from the principal where she shared her thoughts on what it means to be a child and how they can contribute to a better world.

Children's Day was celebrated with great enthusiasm, reminding us all of the joy, curiosity, and potential that children bring to the world.

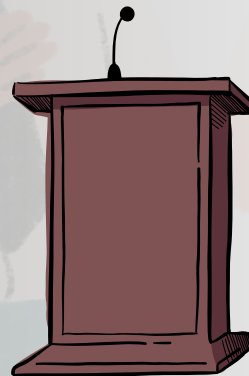

# SPECIAL ASSEMBLY 15 November ,Saturday

## "Strength in Diversity: A Special Assembly"

"Our school recently held a special assembly to honour and award our outstanding students for the month of October and November, who have demonstrated exceptional performance in academics, sports, and co-curricular activities. The event was a moment of pride for both students and teachers as each star student was recognized for their dedication, hard work, and achievements. The assembly was filled with applause and cheers as the students received their awards from the school principal. It was a beautiful reminder of the importance of striving for excellence and supporting one another in our school community. Congratulations to all the star students!"

# GURUPURAB

## 15 November ,Friday

The smallest seed of faith is better than the largest fruit of happiness.

"On 15th November 2024, our school celebrated the auspicious occasion of Gurupurab with great devotion and enthusiasm. The students organized a special assembly to mark this sacred day, paying tribute to Guru Nanak Dev Ji. The celebration began with a soulful Prabhaat Pheri, where students, dressed in traditional attire, recited hymns in the early morning, spreading a message of peace and harmony.

The highlight of the assembly was the heartfelt presentation of the "Five Pyaare" (the five beloved ones), which depicted the teachings of selfless service and devotion. The students also conducted a beautiful Shabad Gayan, filling the air with divine music and spreading spiritual energy. The event was a wonderful display of faith, unity, and the values imparted by Guru Nanak Ji

# LITERARY COMPETITION

## 18 November , Monday

### A Celebration of Creativity.

On 18 November, The Literary Competition for both Juniors and Seniors was a huge success, showcasing the remarkable talents of our students. The juniors participated in two exciting categories: Poem Competition and Storytelling Competition, where they impressed everyone with their creativity and expressive skills. Meanwhile, the seniors competed in Extempore and Picture Description, demonstrating their quick thinking and eloquence.

After careful evaluation, the results were announced by our esteemed judges, who praised all participants for their outstanding performances. The event was not only a platform for students to showcase their literary skills but also an opportunity to encourage confidence and public speaking. Congratulations to all the winners and participants for making this competition a memorable one!

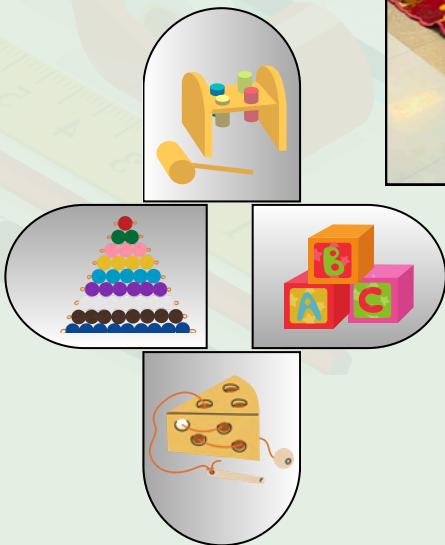

# KREEDO WORKSHOP 19 NOVEMBER , TUESDAY

Training is not an expense, but an investment in human capital.

On 19, November our kindergarten teachers participated in an enriching workshop organized by Kreedo, a leading early childhood education platform. The session focused on enhancing teaching methodologies, fostering creativity, and incorporating play-based learning strategies into daily classroom activities. The workshop offered practical tools and innovative resources to help our educators nurture young minds and promote cognitive and social development. Teachers engaged in interactive discussions, hands-on activities, and shared insights on how to make learning more engaging and effective for our little learners. We look forward to implementing these fresh approaches in our classrooms, ensuring a vibrant and dynamic learning environment for our students.

# STORY TELLING 20 NOVEMBER , WEDNESDAY

Story telling is the most powerful way to put ideas into the world today.

On November 20, 2024, our kindergarten students embarked on a magical storytelling adventure! The theme of the day revolved around the timeless tales of Snow White, The Jungle Book, and the Animal Kingdom. Our little ones were captivated as they listened to the classic story of Snow White and the seven dwarfs, followed by the thrilling jungle adventures of Mowgli and his animal friends. They also explored the wonders of the animal kingdom, discovering fascinating facts about different creatures from around the world.

The children enjoyed lively interactions and engaged their imaginations as they traveled to enchanted forests, jungles, and wild habitats. This storytelling event was a perfect way to foster creativity, build listening skills, and inspire a love for reading in our youngest learners.

# STORY

# I.I.M.U.N CONFERENCE

23 & 24 NOVEMBER, FRIDAY & SATURDAY

## A Two-Day Journey of Diplomacy and Dialogue.

The school recently hosted an exciting and enriching two-day IIMUN (Indian International Model United Nations) conference, held on November 23rd and 24th. The event kicked off with a grand Opening Ceremony on November 23, graced by the esteemed presence of the Chief Guest, Major General Dr. Rajan Kocher, whose insightful address set the tone for a highly engaging session. Students took on the roles of delegates, engaging in thoughtful debates on pressing global issues.

# I.I.M.U.N CONFERENCE

23 & 24 NOVEMBER , FRIDAY & SATURDAY

## A Two-Day Journey of Diplomacy and Dialogue.

The conference concluded on November 24 with a vibrant Closing Ceremony, celebrating the efforts and accomplishments of all participants. It was a remarkable experience for all involved, fostering skills in diplomacy, public speaking, and international relations.

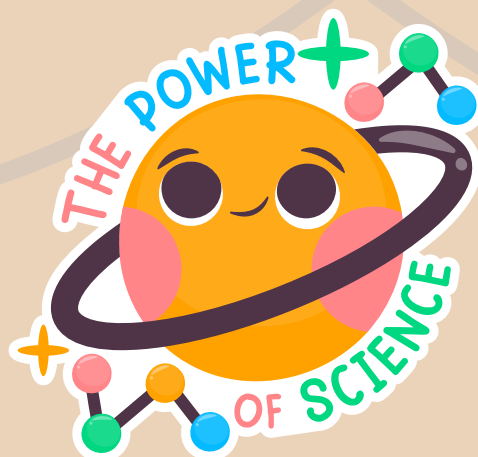

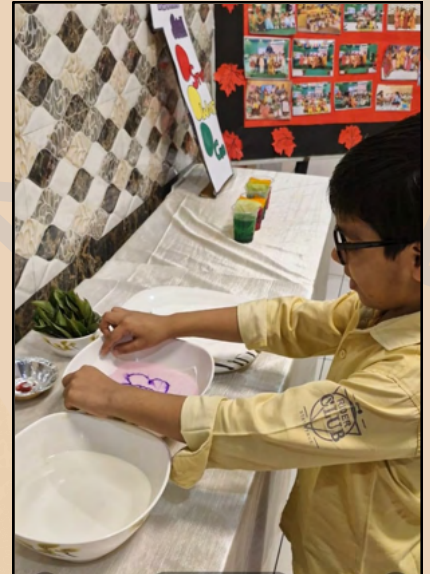

# SCIENCE EXHIBITION

26 NOVEMBER , FRIDAY

Training is not an expense, but an investment in human capital.

On 26 November 2025, the day of our Parent-Teacher Meeting (PTM), our students showcased their incredible talent and creativity at the annual Science Exhibition! The event was a colourful display of innovative projects, where young minds presented a variety of science experiments, models, and demonstrations. From fascinating solar system models to cool chemical reactions and eco-friendly inventions, each project highlighted the curiosity and hard work of our budding scientists. Parents and teachers were impressed by the students' confidence and the depth of their knowledge. It was an inspiring day that truly celebrated the joy of learning and discovery!

# NATIONAL MILK DAY

26 NOVEMBER , FRIDAY

Training is not an expense, but an investment in human capital.

On 26 November National Milk Day, our Kindergarten students had a fun-filled day learning about the benefits of milk. We explored how milk helps make our bones strong, gives us energy, and keeps us healthy. The little ones enjoyed a tasty milk-themed snack and even took part in a creative activity, drawing their favorite milk-related foods! It was a great way to celebrate this special day and teach the children the importance of healthy eating. Let's raise a glass to good health!

# CAREER WORKSHOP

NOVEMBER , FRIDAY

Focus on the possibilities for success, not on the potential for failure.

We recently hosted an insightful Career Workshop for our students in Classes 9 to 12, aimed at guiding them on their academic and professional journeys. Experts from various fields shared valuable advice on career options, skill development, and the importance of making informed choices. The workshop included interactive sessions, where students explored their interests, asked questions, and received personalized guidance. This initiative provided students with a clearer vision of their future paths and helped them make more confident decisions about their careers. It was an enriching experience for all!"

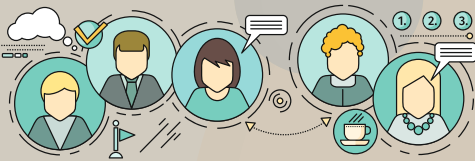

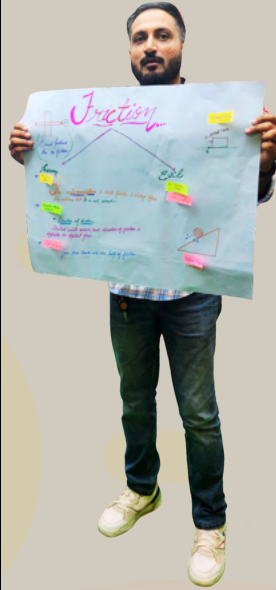

## A Step Toward Innovative Education.

A transformative workshop for teachers was recently conducted by Collin, aimed at enhancing teaching strategies and fostering a more engaging classroom environment. The workshop focused on integrating modern tools and innovative methodologies to better connect with students and support diverse learning needs. Teachers participated in interactive sessions that explored effective communication techniques, the use of digital resources, and ways to make learning more inclusive. The session was not only informative but also provided practical skills that can be applied immediately to improve classroom dynamics. Overall, it was a valuable experience that left educators inspired and equipped for the challenges ahead.

# CLASS ACTIVITY

## NOVEMBER

### “Biological Mysteries: Solve, Learn, Discover”

As part of our science curriculum, students conducted a hands-on experiment to prepare and observe onion peel cells under a microscope. This activity allowed them to explore the microscopic world and gain a deeper understanding of plant cell structures, including the cell wall, nucleus, and cytoplasm. The students showed great curiosity and enthusiasm throughout the experiment, learning techniques like slide preparation, staining, and using a microscope to view the cells. It was a wonderful opportunity for them to experience biology beyond the textbook.

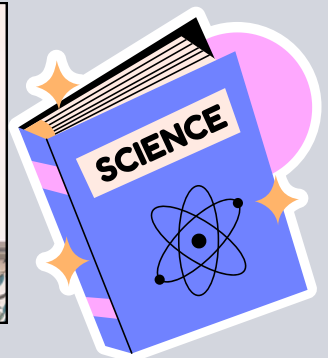

Grade III students participated in an engaging session in the science lab, exploring the human body using detailed models of internal organs such as the heart, lungs, and stomach.

This hands-on learning experience enhanced their understanding of how the body functions while fostering curiosity and interest in science. It was a valuable and enriching educational activity.

Grade III students had an enriching session learning about the fascinating life cycle of a butterfly. Through vibrant visuals and detailed presentations, they explored the four stages of transformation: egg, caterpillar, pupa, and adult butterfly.

The interactive session captivated their attention and deepened their understanding of nature's wonders, sparking curiosity and enthusiasm for the world of science.
